TRI-STATE CORN EXPOSITION.

On December 5 at Columbia Farm-
ers Will Make History.

The farmers of North Carolina,
South Carolina and Georgia will
have the greatest opportunity to
compete for prizes for the best
corn at the South Atlantic Corn
Exposition held in Columbia on
December 5 that has ever been of-
fered to any people south of the
Mason and Dixon line. The corn
exposition management, during
the past summer, has been busy
gathering prizes for this event.

It has been previously announced
that the aggregate value of the
prizes will reach \$8,000, but now the
prospects seem to indicate that it
will be more than that, and per-
haps as much as \$10,000 in money,
machinery, live stock, etc., will go
to the exhibitors of the best corn.

Especially emphasis has been laid
upon the ten ear exhibits. Prizes
are offered for the first, second,
third and fourth best ten ear ex-
hibits of corn of any variety for
each county in the State. Also
similar prizes are offered for the
best ten ear exhibits in each con-
gressional district. Three classes
will be opened to any man or wo-
man, boy or girl, in the States who
wishes to compete. The winners of
these classes will come together in
the sweepstakes classes in the State
for the best ten ears of single ear
variety of white corn; for the best
ten ears of profile white corn, and
for the best ten ears of yellow
corn. The exhibitor showing the
best ten ears of corn of any vari-
ety will be awarded the American
agricultural cup, valued at
\$5,000. The winners of the ten ear
classes will come together again in
the grand sweepstakes classes for
North Carolina, South Carolina and
Georgia, and the winners of the
grand sweepstakes classes will be
eligible for the grand champion
sweepstakes classes for the best ten
ears of corn exhibited from any of
the three States. Should a South
Carolina man, woman, boy or girl
exhibit the best ten ears of corn,
white or yellow, from North Caro-
lina, South Carolina and Georgia,
the aggregate of his prizes in mon-
ey, machinery and cups will ap-
proximate \$825.

Also liberal prizes are offered for
the best 50 ears of corn in South
Carolina and for the grand cham-
pion sweepstakes for the best 50
ears of corn in any of the three
States. Likewise prizes are offered
for the best single ear in the con-
gressional district class, in the
State class and in the grand cham-
pion sweepstakes class. Liberal
prizes are also offered for the best
individual display. The one from
South Carolina who makes the
best individual display will re-
ceive as his reward \$225 in cash.

The second prize for this is \$150
and the third prize \$100. In this
exhibit the exhibitor will be re-
quired to show at least ten bushels
of corn, and the display will be
judged 70 per cent. for the best
corn and 30 for the best decoration
and display. The corn exposition
management also offers liberal
prizes similar to those of South
Carolina for the best corn in Geor-
gia and North Carolina, which in
the grand champion sweepstakes
will come into competition with
that in South Carolina.

Every farmer is especially urged
to select corn for exhibition. At
least five judges will be required to
do the judging and these will score
every exhibit, attaching a com-
plete score to every exhibit, so
that the exhibitor can see where-
in he is strong or weak with his
corn.

State Sabbath Convention Oct. 30.

The fifth annual State Sabbath
Convention "for observance and
preservation of the Christian Sab-
bath" will held in Raleigh Octo-
ber 30 to November 1.

To Decide Question of Shipping.

The question of whether inter-
state shippers of cast iron stoves in
North Carolina shall have to crate
them or continue to ship them
uncrated as in the past is to be
heard by the North Carolina cor-
poration commission November 22.

Erving Man's Troubles Multiply.

J. W. Napier, who was arrested
at Charlotte on a charge of defraud-
ing the United States mails was
hardly in the hands of the federal
authorities before a Baltimore de-
tective arrived and placed another
serious charge against him that of
abduction.

Napier, it is charged, had enticed
a young girl, 16 or 17 years old,
away from her home, promising
her a place with the girls' show
among the midway attractions.

"Tough Element" Rules Wadesboro.

Wadesboro citizens have become
aroused because of the continual
violation of the law in town and the
apparent inability of officers to
cope with the situation. An indig-
nation meeting was held in the
court house.

For some time the rowdy element
has almost taken possession,
especially on Saturday night they
would run things to suit them-
selves. Officers seem to be unable
to handle the "tough" element
which gather about near-beer joints

Origin of Trial by Jury.

Whence comes the system of trial
by jury? In the opinion of Bourguig-
non, a French jurist, "its origin loses
itself in the night of time." Black-
stone speaks of it as "a trial that hath
been used time out of mind." Reeves
thinks it was introduced into England
by the Normans, who themselves ob-
tained it from Northern Europe. It
is certain that the Scandinavians had
an established jury system more than
a thousand years ago. The Normans
on their arrival in England found pre-
vailing there the ordeal of hot irons,
which enforced the carrying of a
pound of heated metal by the accused
for a given distance, and the ordeal
of hot water, in which by way of
variation a stone had to be withdrawn
from a pitcher of boiling water. No
attempt at reform in this direction
was made by William the Conqueror.

Inconsistency of Happiness.

Happiness is like a sunbeam, which
the least shadow intercepts; while ad-
versity is often as the rain of spring.
